Frequently Asked Questions for YSASP:

If I finish this contract will I lose my license?

No. By completing this program's contract, you will avoid the 90-day license suspension and the \$300 fine that would be imposed for failing the YSASP program. This does not apply if you have any other pending charges that may lead to losing your license.

Is there a fee? When will I need to have it paid by?

There is a \$175 program fee that is due at enrollment into YSASP. If you are unable to pay the entire fee up front, you can provide \$50 and a written schedule for when the fee will be paid in full. The fee will need to be paid in full on or before the contract deadline or you may fail the YSASP program.

What if I don't live in Windham County or even in Vermont?

The only difference would be that you would have an intake interview over the phone versus coming into the office. If you live in Windham County, VT, you're required to come into the office at Youth Services and meet with the YSASP Coordinator.

Where do I do my community service?

The community service can be done at any non-profit organization of your choice. The hours will need to be recorded with a phone number, on the company's letterhead, and signed by the person who supervised your work.

What is a drug/alcohol screening?

This is a session(s) with a licensed drug/alcohol counselor of your choice. The counselor will need to do an 'evidence-based' screening. This will be your responsibility financially, and you'll be required to complete any follow-up recommendations that he/she may have.

Where do I go to get the screening done?

If you live in Windham Country, the YSASP Coordinator can provide you with a list of local counselors who do these screenings. If you live outside of Windham County or Vermont, you can either look under "substance counselors" in the Yellow Pages **or if you have access to an I-phone or I-pad, we can do a Facetime screening here at Youth Services for \$50.**
